Listeners clap with enthu…go into meditation… dance with zeal…sing along with her in high spirits..

The nectar of her music made the listeners swim in the ocean of bliss.

"Annamayya sang with heart full of Sri Ramanuja’s grace & culture, to eradicate the differences among humans and to feel the love of God. Shobha Raju is the divine soul, who nurtured Annamayya’s compositions, led a movement and with her beautiful voice, presented them to the world. The sharpness in her voice remains the same still!

She is building a beautiful temple for Annamayya & Venkateswara. Following the foot prints of Annamayya, she established Annamayyapuram. The service she is rendering is awesome. I pray God that you all should ensure the completion of the project in an year or two. We can enjoy the divinity there. She sings for all of us. It’s our duty to take care of such!" - H. H. Sri. Chinna Jeer Swami varu.

"My efforts are to create an army of music (Swara Sainyam) which contributes to the world peace. I have been spending all my life & energies to propagate human & spiritual values through Annamacharya Sankeertanas. May Almighty bless the kind support to this mission." - Shobha Raju.

In her workshops, teaching is a penance..learning is a pleasure. A song is made so easy with her unique style of teaching. Many try to follow her techniques. It’s enlightening entertainment! Experiencing is believing!
